

# One Track Mind

For 2025, instead of doing a calendar I created a book containing 84 of my best paintings, 25 drawings, and 4 of my murals whose subjects span nearly a century of American Road Racing.

Its not a book of racing statistics but an entertaining celebration of racing moments primarily at Watkins Glen, captured in paint.

A short autobiography functions as an introduction leading into the main body of illustrations with text. Numerous quotes and recollections by drivers of the original Watkins Glen road circuit told directly to me appear throughout the book. Additional quotes by artists relating to the creative process lend further insight and food for thought.

**ONE TRACK MIND** also describes how the encouragement and advice of well known race drivers and artists shaped my life from an early age.

The words and layout of the book are my own. All books ordered will be personally autographed. **I will devote \$5 from each sale to the Glen Region Scholarship fund.** 138 pages , softcover 8 1/2" x 11" horizontal format. \$35 plus \$5 shipping.
